

FREE SEED PROGRAM: TOMATO

Join us for our Free Seed Program! This multi-session program will follow your tomato plants throughout the growing season. We will kick off with starting four different types of tomato seeds. From there, we meet once a month as your plants grow. From your first sprouts to harvest, we will cover all aspects of growing your own tomato plants. No experience is necessary.

6:00 - 7:00 at the Knoxville Public Library

Session 1: April 6 - Everything Tomato Plants and Starting Your Seeds

Session 2: May 4 - Transplanting, Trellising, and Plant Care

Session 3: June 1- Common Pest and Diseases

Session 4: July 6 - Optional Check-In

Session 5: August 3 - Harvest and Preservation
